Address: 909 7th Avenue SW, T2P 1A6

Calgary, AB

(Open to relocation)

OBJECTIVE

Dynamic and proactive professional, with analytical capacity and ease of adaptation to new environments and established rules, with excellent interpersonal skills, and much desire to constantly improve and undertake new challenges anywhere in the world. Focused on integrating my passion for data and GIS, with the technical and field principles of geology. Eager to work with businesses or government organizations to create solutions and optimize processes.

SKILLS AND QUALIFICATIONS

- ✦ Data visualization: map creation, diverse techniques of cartographic representation.
- ✦ Geoprocessing using Python scripting and ModelBuilder.
- ✦ Experience programming with HTML, CSS, python, JavaScript.
- ✦ Fluent in English and Spanish.
- ✦ Ability to work with teams of people with diverse backgrounds.
- ✦ Flexibility and versatility.
- ✦ Excellent analytical skills.
- ✦ Enthusiasm.
- ✦ Good physical fitness.

SOFTWARE

- ✦ GIS: ArcGIS Pro, ArcMap, ArcCatalog, ArcGIS Online, Survey123, Collector, ArcGIS Insights, QGIS, MapInfo Professional.
- ✦ Relational Database Management: PostgreSQL/PostGIS, Oracle (SQL*Plus, PL/SQL) and SQL Server, Oracle with UNIX.
- ✦ Remote sensing: PCI Geomatica (Image orthorectification, classification, and enhancement).

EDUCATION

Saint Mary's University   **May 2014 – June 2018**
Bachelor of science: Geology   Halifax, NS

Centre of Geographic Sciences-NSCC   **Sept 2020- May 2021**
Advanced diploma: Geographic Information Systems   Lawrencetown, NS

WORK EXPERIENCE

In-line Pigging Solutions   **November 2021 – Present**
GIS Technician   Calgary, AB

- Create cartographic products using ArcGIS Desktop, ArcGIS Pro and ArcGIS Online (poster maps, data driven pages, site plans, etc).
- Post-process GPS field data collected by the survey team and convert it to different formats.
- Prepare tracking sheets using the surveyed data collected.
- Digitize the area of the surveyed points in ArcMap using field sketches and photos.
- Create, manage, edit, and keep up to date the company's GIS data.
- Build Python scripts to automate GIS tasks.
- Update and maintain Web Map applications in ArcGIS Online.
- Assist in estimate preparation and project execution.
- Complete project packages and maintain records and files.
- Quality Assurance and Quality Control on files and documents delivered to clients.
- Manage our GIS equipment to ensure our field work goes smoothly.

Blue Ocean (Cisco Systems project)   **November 2018 – April 2020**
Spanish/English order management agent   Halifax, CA

- Provide fast, friendly, and effective service to our customers using critical thinking and a sense of urgency to resolve their problems.
- Follow highly detailed processes and policies; attention to detail is a must.
- Support external and internal Cisco clients by processing material and equipment replacements.

I worked for the technology multinational Cisco, in this job I provided logistics support, created replacement material authorizations (RMAs) and oriented customers on policies and processes as requested.

Concentrix   **August 2018 – November 2018**
Customer service associate   Dartmouth, CA

- Maintain a high level of customer satisfaction by delivering an excellent customer experience.
- Assist customers by providing high quality customer service using knowledge of products, systems, and procedures, to consistently exceed the customer's expectations.

Kognitive Marketing   **October 2016 – February 2017**
Sales representative   Halifax, CA

- Achieve agreed upon sales targets and outcomes within schedule.
- Present, promote and sell products/services using solid arguments to existing and prospective customers.

Valuable sales experience working for the Bank of Montreal as a field marketing representative (FMR). This position focused on promoting credit card sales. I learned important strategies for product promotion and reinforced a strong entrepreneurial spirit motivated by achieving and exceeding company and personal goals as well.

ACHIEVEMENTS & OTHER NOTES

- ✦ 50+ hours Esri e-Learning Courses.
- ✦ WHMIS & OH&S, June 2021.
- ✦ Valid Nova Scotia Class 5 Driver License.
- ✦ Willing to relocate.
